ABBRA To Offer Two Free Roundtable Discussions This Summer

ABBRA to host free regional discussions at Bennett Brothers Yachts and Bristol Marine

Warren, RI—The American Boat Builders & Repairers Association (ABBRA), Bennett Brothers Yachts (Wilmington, NC), and Bristol Marine (Bristol, RI) are collectively hosting free regional roundtable discussions on June 22 and June 29, respectively, from 4:00 p.m. to 7:00 p.m. **The regional roundtables are open to both ABBRA members and non-members.**

ABBRA roundtables offer a chance for similar marinas, boatyards, and boat building and repair businesses to discuss common problems and solutions within the marine industry. These frank discussions between boatyards and marinas provide excellent networking opportunities and are extremely valuable for working toward solving common issues.

The issues discussed at the roundtable are determined by the participants and can include boatyard economics, managing busy season workloads, training employees, and new yard technologies. The participants decide the direction of this facilitated conversation, leading to candid dialogue about contemporary boat building and repair issues.

For more information, or to register for either of these events, please call Jessica Slemons at 401-247-0318 or email jslemons@abbra.org. Please RSVP no later than Friday, June 11, 2010.

The American Boat Builders and Repairers Association (ABBRA), founded in 1943, strengthens and encourages professionalism in the boat building and marine service industry by providing its members with timely information, training, education and business services.

ABBRA: Dedicated to the Service and Repair Industry.
